GARNER RALLIES HOUSE FACTIONS TO BUDGET TASK

Insurgent Bloc Pledges Support in Passage of Billion-Dollar Tax Bill After Speaker Urges Co-operation.

LUXURY LEVIES QUICKLY VOTED

BY CECIL B. DICKSON.

WASHINGTON, March 29.—(AP)—All warring factions of the house laid down their arms today at the behest of Speaker Garner and began a united effort to pass a revenue bill that is expected to maintain the financial stability of the federal government.

Relinquishing his gavel to assume active leadership of a legislative chamber floundering in the debris of a tax bill that had wrecked the white-haired Texas democrat brought antagonistic groups together for a single purpose—to balance the budget.

Responding to his dramatic speech that thrice brought the members to their feet, leaders of the anti-sales tax bloc joined Representative Snell, of New York, the republican chief, in pledging their support toward enacting a billion-dollar tax measure.

Explains Purpose.

Taking the floor shortly after the ways and means committee had approved substitute to replace the beaten \$300,000,000 sales tax program, Garner explained the purpose of his unusual action and to his colleagues he solemnly said:

"It is the duty of congress to balance the budget. I am convinced of the importance of maintaining the financial integrity of the republic."

When he asked those who levied the dollar falling on foreign exchanges and of the doubt that spread throughout the world after the house last week defeated the sales tax, the Texas democrat asked all those in favor of balancing the budget to rise. Only a few stayed in their seats.

When he asked those who did not want to balance the budget, to stand no one rose.

"No one rises," Garner said, "I think this ought to restore to the American people confidence in our country."

"Try to serve your country, gentlemen, and let us put through this legislation at the earliest date possible in the interest of our country."

Speaker Applauded.

The speaker received a prolonged ovation while the packed galleries applauded.

With his appeal ringing in their ears and the assurances of Representative Snell of republicans and levies and the pledge of support from the anti-sales tax leaders, the house in quick succession adopted committee amendments calling for excise levies estimated to yield \$189,500,000. These are included in new supplemental recommendations expected to return \$223,000,000. The remainder, including an increase in first-class postage from 2 to 3 cents with a probable return of \$135,000,000, are to be voted upon tomorrow.

The ways and means committee estimates the total yield of the present bill and new proposals at \$960,500,000. The democrats expect to cut appropriations by \$245,000,000, and

New Steel Chief

Myron C. Taylor, New York financier, who Tuesday was elected chairman of the board of the United States Steel Corporation, succeeding J. P. Morgan, international banker, who had directed the destinies of the giant company since the death of Judge Gary.

TAYLOR TO HEAD U. S. STEEL BOARD

WASHINGTON, March 29.—(AP)—Myron C. Taylor, the quiet, sturdy, urbane and capable Quaker, today became chairman of the United States Steel Corporation.

His election, announced by the board of directors, fulfills a destiny which New York business and banking circles long ago had selected for him. It places him firmly in the seat once occupied by the late Elbert H. Gary, to which he has slowly been climbing since he became a steel director in September, 1925.

Mr. Taylor succeeds J. P. Morgan, who became chairman soon after the death of Judge Gary, but the international banker's tenure of office was admittedly an interim measure.

The new chairman for four years has been head of the corporation's important finance committee, a position held by Gary, who was likewise steel's chief executive officer. It was assumed that Mr. Taylor would assume that title, too, since the formal announcement of the change said he was to have "duties similar to those formerly exercised by the late Judge Gary."

Mr. Taylor brings to his new office a broad experience in banking and industry. Although he began his business career as a cotton textile man, he worked in many varied interests, including finance and railroad, finally becoming a close associate of George F. Baker, president of the First National Bank of New York.

It was the late Mr. Baker's influence, so Wall Street gossip goes, that put Mr. Taylor on the steel corporation's board and eventually in the chairmanship of the finance committee.

Couzens To 'Reveal' Facts in Rail Loan

WASHINGTON, March 29.—(AP)—The administration today welcomed an inquiry into the \$12,800,000 loan to the Missouri Pacific by the Reconstruction Finance Corporation and Senator Couzens, republican, Michigan, replied he would tell the senate tomorrow.

Couzens, who is chairman of the interstate commerce committee, conferred today with some members of the senate commerce committee, who said it approved the loan with "reluctance."

"I have enough facts, I think," observed the senator to newspapermen tonight. "So far as I am concerned, no investigation is needed. I will state the case to the senate tomorrow."

Senator Borah, republican, Idaho, who told the senate yesterday that pressure was used on the commission to obtain its approval for the loan, said he would discuss the question tomorrow also.

Senator Borah complained that half of the loan to the Missouri Pacific was to be used in meeting part of a loan due to New York bankers on April 1.

Less than 10 minutes was required for the holdup of the bank, one of the largest outside the downtown district here. Two policemen were less than a block away, tagging a traffic law violator.

The bank manager, J. A. Kunz, was forced to open the vault from which currency and securities were taken and stuffed into canvas bags.

As the raiders retreated toward a door dragging the heavy bags they took along two women employees as shields against possible shots. The women were freed at the door.

The only clue police said they had was a hat dropped in the flight. It bore a haberdasher's inscription and two numbers placed by cleaners.

Late today a bank employee identified a police picture as that of one robber. Police said they had learned a Chicago underworld group came here recently.

More than two-score of Atlanta's brightest stars of the air waves will begin a storm relief broadcast at 10:30 o'clock tonight from station WGST.

Amateur radio operators are being urged to help in the purpose of raising funds, clothing and house furnishings for thousands of people made destitute by the cyclonic storms which struck wide areas of five southern states twice within six days and left death and destruction in their wake.

Due to the large array of talent to be on hand, the starting time was set forward to 10:30 o'clock instead of 12.

Under a plan of The Constitution and WGST the program will assemble one of the most varied groups of Atlanta stars to broadcast from an Atlanta station. The cast will include

blues singers, crooners, orchestras, specialty musicians, dramatic soloists and every type of entertainment.

Planned as a benefit "show," the program will for the larger part be made up of guest numbers. So varied will be the assembly of stars that any request may be filled quickly and smoothly. The Constitution's radio reporter will direct the program and act as master of ceremonies, assisted by Jack Stapp, program director of WGST, and the station's corps of announcers and technical staff.

Beginning at 10:30 o'clock with The Constitution's daily news broadcast, the program will move rapidly

THREE DESIGNATES ON DEPARTMENT 'BOOB OF FINANCE'

Intervenor's Continue To Conceal Plans for Recovering Baby and Deny Intention To Use Yacht.

NORFOLK, Va., March 29.—(AP)—To expressions of hope that they might bring about the early return of the kidnapped Lindbergh baby, one of three Norfolk negotiators today added the assertion of Colonel Charles A. Lindbergh had requested that they carry forward their efforts.

Returning from a trip to the flyer's Sorrento mountain estate, made partially by air in spite of unfavorable weather, the Very Rev. Dean H. Dobson-Peacock told reporters "all I can say is that things are satisfactory so far. We want to keep our work going."

Dean Dobson-Peacock added that Colonel Lindbergh had requested that the negotiators with Joseph Hughes Curtis, Norfolk boat-builder, and Rear Admiral Guy H. Burrage, retired, continue their negotiations but he declined to say the statement read details of the plan on which they were working.

At the time he spoke the Episcopal bishop said the secretary of his associates and he indicated that he must see them before plans for their future activities were definitely decided upon. Earlier Mr. Curtis and Rear Admiral Burrage had said that they expected Dean Dobson-Peacock's return during the day and until they saw him at least they would have nothing to say.

Later in the day, after meeting his associates, the dean issued a formal statement in which he said that they were continuing their efforts to recover the baby "at the request of Colonel Lindbergh made personally by him."

After reading the statement to reporters clustered around him on his doorstep, Dean Dobson-Peacock left them abruptly, saying he would have no more to say.

"In order to bring our negotiations with supposed representatives of the kidnapers to a rapid conclusion, it

was necessary that one of our party, composed of Admiral Burrage, Mr. Curtis and myself, journey to Hopewell to converse with Colonel Lindbergh.

"The naval airport graciously placed a plane at our disposal and I went up to Philadelphia. We are to continue our work at the request of Colonel Lindbergh made personally by him. I was instructed to deliver a message of deep appreciation for the warm interest shown in the matter and to express deep hope that we may be successful."

Arriving here by air at 2 o'clock this afternoon Dean Dobson-Peacock was not seen by reporters for more than two hours. Then he was seen at his home and in reply to a barrage of questions reiterated: "My visit to Colonel Lindbergh was satisfactory, that is all I can say."

Replying to specific questions as to whether or not he and his associates had any means of definitely identifying the kidnapers and whether he had carried anything of this kind on his trip to the Lindbergh estate yesterday, Dean Dobson-Peacock said: "Leave that to me."

He added that "when the proper time comes," he would not take long to establish the identity of the baby.

A report from Baltimore that the wife of Charles H. Consolvo, Norfolk hotel owner, had said his yacht had been requested by the intermediaries of the kidnapers beyond the 12-mile limit, off the coast, was discounted.

Rear Admiral Burrage said only that reports originating from outside sources would have to be confirmed.

GLASS BANK BILL DROPPED BY CHIEF OF RESERVE BOARD

Meyer Claims Restriction of Loans Would Be Inadvisable During Time of Financial Stress.

WASHINGTON, March 29.—(AP)—Laying a thick sheaf of proposed amendments before the senate banking committee, Governor Eugene Meyer of the federal reserve board said today that with the revisions suggested the Glass bill designed to restrict speculation would meet his approval.

"I begin to think the federal reserve board and this committee are not so far apart," said Chairman Norbeck, republican, South Dakota, when Meyer had finished a two-hour explanation of the changes recommended.

"Who said we were, senator?" asked Meyer, smiling.

"I do," replied Senator Glass, of Kentucky, as temporary chairman and keynoter of the democratic national convention to be held at Chicago in June.

"Sweeping changes proposed unanimously by the federal reserve board included elimination of a provision restricting loans by member banks against stock and bond security and of a section increasing the reserves which member banks are required to maintain."

Meyer declared the collateral loan limitation would not hit speculation and would interfere with operation of the federal reserve system. The increased reserve requirement, he maintained, "would exert a tightening influence on credit conditions at times when we would be contrary to the public interest."

On an important point not covered in the bill—the desirability of a united system of national banks under national supervision—Glass and Meyer found themselves in accord with the result they agreed to attempt to work out legislation.

At the same time it was made known that the Roosevelt forces, who will be in control of the convention, are giving serious discussion to the name of Representative Charles Crisp, of Georgia, hero of the present house tax battle, for the post of permanent chairman. "Should the democrats elect Mr. Crisp, acting chairman of the house ways and means committee, they would follow the example of republicans who have, all but officially announced that the office of permanent chairman of their convocation will go to a house member, Representative Charles Crisp, of New York, minority leader of the lower body."

The selection of Representative Crisp would come as a tribute to both his recognized position as one of the best parliamentarians of the house and the difficult task that has fallen to him in piloting the much maligned trove of tax bills through the house.

Although defeated on several major provisions of the bill he nevertheless emerged as the hero of the spirited fight.

The committee on arrangements of the democratic national convention is expected to meet Monday for the purpose of naming a convention of officers. Which various names have been suggested for the temporary chairmanship and keynoter, Roosevelt followers, it was stated on the highest senatorial authority today, have hit upon Senator Barkley, of Kentucky. Originally put forward as a favorite son candidate, Senator Barkley last week removed himself from the field of presidential contention and announced that he would seek to have Kentucky's important block of delegates go to Governor Roosevelt.

Efforts have been made in republican circles to have it appear that a fight lay in the offing between the Roosevelt and anti-Roosevelt forces over the choice of temporary chairman, it being suggested that J. P. Shouse, chairman of the executive committee of the national committee, be put forward by the Smith-Raskob group. While Mr. Shouse's names has been proposed for the post, in recognition of his services as head of the party national headquarters, the committee on arrangements next week is expected to go through without a bobble and Roosevelt leaders are scheduled to exercise the main voice in the state's selection.

In the event two house members are named, the committee on arrangements will be expected to exercise the main voice in the state's selection.

Keynoter Choice

Senator Alben W. Barkley, of Kentucky, Tuesday was designated as the Roosevelt supplant of choice for "keynoter" and temporary chairman of the democratic national convention at Chicago in June.

"I do," replied Senator Glass, of Kentucky, as temporary chairman and keynoter of the democratic national convention to be held at Chicago in June.

"Sweeping changes proposed unanimously by the federal reserve board included elimination of a provision restricting loans by member banks against stock and bond security and of a section increasing the reserves which member banks are required to maintain."

MIDWEST VICTORY RUNS VOTE TOTAL OVER 100 MARK

111 Delegates Now Assured to New Yorker With Portland Believed Certain To Increase Figure to 123.

WASHINGTON, March 29.—(AP)—Iowa democrats today in instructing their delegation of 28 to vote for Franklin D. Roosevelt brought the number of votes pledged to the New York governor past the 100 mark.

The Iowa result was regarded by Roosevelt supporters here as, in some measure, another step in the west with the backers of Governor Murray, of Oklahoma, who advocated an unstructured delegation from the Corn Belt State.

Meantime developments in the east apparently foreshadowed increasing tension between supporters of Alfred E. Smith, democratic nominee in 1928, and Roosevelt.

A division of Connecticut votes between Smith and Roosevelt at the Chicago convention in June was advocated by Governor Wilbur L. Cross as a means of preventing a factional rift. He sent the message to groups supporting both leaders.

Only the day before, James Roosevelt, son of the New York governor, said at a Roosevelt rally in Boston that neither his father nor his close friends could understand the "failure of Governor Smith to support his candidacy."

The comment of Frank J. Donahue, Smith leader in the Bay State looking to the primary only a few weeks away was that they were "getting the Smith voter all worked up."

In their only test of strength in the east thus far, Roosevelt won the votes of the New Hampshire delegation.

Maine is expected to name 12 delegates tomorrow, with indications they will be uncommitted but favorable to Roosevelt.

With 770, or two-thirds of the 1,154 national convention votes necessary to win the nomination, 162 already have been named by the democrats.

Roosevelt's total is 111, including 28 from Georgia promised the New Yorker as a result of last week's primary victory.

His delegates now hail from six states, three of which have held primaries. The group is divided as follows: Washington, 16; New Hampshire, 8; Minnesota, 24; North Dakota, 9; Georgia, 28; and Iowa, 26.

DAVENPORT, Iowa, March 29.—(AP)—The state democratic convention today instructed its 26 delegates to vote for the national convention for Governor Franklin D. Roosevelt, of New York.

Secrecy Marks Vote For '5 and 10' Law

WASHINGTON, March 29.—(AP)—An effort to repeal the Jones "five-and-ten" prohibition law was killed today by the preponderantly dry house judiciary committee.

A show of hands behind closed doors was all that was necessary to defeat the proposal. No record of the vote was taken in favor of the federal prohibition law, which would be overruled by a simple majority vote.

Members said the vote was further evidence of the committee's determination not to bring any prohibition legislation, either wet or dry, before the house this session.

The "five-and-ten" law, sponsored by Senator Jones, republican, Washington, was so called because it provided "maximum penalties of five years imprisonment and \$10,000 fine for prohibition offenders."

It since has been amended to lighten the penalties to minor and casual offenders.

Byrns Quits as Head
Of Economy Committee

WASHINGTON, March 29.—(AP)—Representative Byrns, of Tennessee, who was named to the post of temporary chairman of the Tennessee democratic party, resigned today as chairman of the special house economy committee.

Byrns' resignation was announced by the committee on arrangements of the Tennessee democratic party, which was held at the state capital here today.

He will remain a member of the economy group, created by a special resolution to see what savings could be achieved through consolidation and elimination of government activities.

Byrns' place as chairman will be taken by Representative McDuffie, of Alabama, the democratic whip.

Trio Develop Cancer Treatment; Tests Show Marked Improvements

CHAMPAIGN, Ill., March 29.—(AP)—Three scientists, working together for five years, have developed a combination treatment they believed today might be of great benefit for cancer.

Although the trio announced that they had apparently cleared up diseased cells in the cancerous tissues of several human patients, they warned against "undue enthusiasm," stating the development yet is in its experimental stages and that much must be done before their findings are to be accepted as conclusive.

The three are Dr. R. M. Parr, a professor of chemistry of the University of Illinois; Dr. C. S. Bucher, physician and surgeon, and Dr. R. S. Funk, bacteriologist associated with the latter. Drs. Parr and Funk are women. The announcement was made here today simultaneously with the scheduled delivery of a paper at the American Chemical Society in New Orleans.

Their case histories revealed, the announcement said, that in several cases where the disease was so far advanced that death was considered only a matter of weeks, the disease appeared arrested, and sometimes rapidly disappearing.

In other cases, where cancerous growths were yet in their early

stages, the affected areas have cleared up until all indications of the disease have vanished. In no cases to date has the cancerous growth reappeared.

The development started when Dr. Parr began to experiment with the rare element "selenium," which had previously been used in connection with the treatment of cancer and rejected by Wassermann, Keyser and others.

'Luxury' Prison Opens; Tea Served to Guests

NEW YORK, March 29.—(AP)—While a band blared, sandwiches and tea were served to all comers and movie cameras buzzed, Manhattan's \$2,000,000 "luxury" prison for women was formally opened this afternoon.

Almost everybody was there except the prisoners, who are to be moved in next month. A police sergeant whispered that a few prospective ones, at liberty for the moment, had slipped in with the crowd to look things over.

The new house of detention is a triumph of modernity. Among other things, it has:

Bullet-proof glass throughout. Prisoners will not try to shoot their way out, it was explained, but gangsters sometimes plot to get in.

Windows crisscrossed with saw-proof metal.

A chapel, indirectly lighted, with revolving altar, divided into thirds, pie-style, to serve Jews, Catholics and Protestants.

A psychiatrist, who is scientific about crime.

A radio in every ward.

A laundry, without washboards or clothes lines.

BULGARIA DECLARES 6-MONTH DEBT HOLIDAY

SOFIA, Bulgaria, March 29.—(AP)—Premier Mouchanoff tonight, announced Bulgaria had declared a 50 per cent moratorium on her interior debts for six months. The premier said the rest of the fund usually devoted to payment of the debts would be used to balance the budget.

The reduction in payments totaled 91,000,000 levas (\$855,200) monthly. Bulgaria will seek an accord with her bond holders during the six-month moratorium.

beginning November 2 and ending February 29. Also, through its clothing and shoe subcommittee, in charge of Colonel Fred W. Benteen, distributed 2,800 articles consisting of garments and shoes to the needy, besides engaging in other charitable activities, such as distributing milk to sick children, placing sick in the hospitals for treatment, and many other things.

During the present administration, some very prominent Atlanta citizens were received into the lodge, including Georgia's governor, Richard B. Russell Jr.; Hugh Richardson, Hal M. Stanley, Vivian L. Stanley, Arthur S. Bird, Jere Wells, Lieutenant T. O. Sturdivant, Harry P. Rosenberg, Dr. Alexander Dahl and C. H. Moore.

Table Sugar Becomes Material For Use in Skyscraper Building

BY HOWARD W. BLAKESLEE.
NEW ORLEANS, March 29.—(AP)—Table sugar became a building material for skyscrapers today.

The little mortar bricks with their strength increased 60 per cent simply by sweetening them like coffee were shown to the American Chemical Society.

This industrial use for sugar was announced by the Mellon Institute of Industrial Research in a paper by Dr. Gerald J. Cox and Dr. John Mettschl.

These scientists obtained their tip from ancient Rome, in fragmentary statements 2,000 years old that have ranked as little more than tradition.

Encyclopedias stated that the Romans sugared their mortar. Many present-day lime experts said they had heard sugar was good.

But so far as the Mellon Institute scientists could ascertain, no one knew precisely how or why. Their "discovery" consists in developing a process giving exact results, which they state is cheap enough to offer a new industrial use for the saccharine.

"Controlled tests have shown," they said, "that if as little sugar as 6 per cent of the quicklime is included in the mortar, the tensile strength is increased about 60 per cent."

"With the present low price of sugar, the addition of five or six pounds of sugar for each 100 pounds of lime adds very little to the cost of laying bricks or plastering walls. The sugar is added dissolved in water after the lime has been slaked."

"Mortar possesses certain qualities of workability that are superior to cement mixtures of gypsum plasters, but it is lacking in strength. Lime mortar can regain many of its former uses if its strength can be increased."

"We have completed one series of

tests of tensile strength of briquettes seasoned for six months. An additional three months' seasoning produces further slight increases in strength."

They stated that probably the secret of the sugar's virtue lies in its dissolving power on the mortar materials. This results in tighter bonds between the particles constituting mortars and plasters.

They announced also some really "new" uses for sugar, which have not been so fully worked out. It is valuable in certain types of lacquers, adhesives and plastics. As lacquers and plastics are among the showiest products of science, sugar may be expected to add its quota to the beautifying of modern buildings.

Still another new use is in fabrication of paper. Also sugar has useful solvent powers when combined with certain alcohols.

A 40 per cent increase in power of automobiles through improved engine design, without increasing the antiknock value of present fuels, was to be possible by Dr. R. T. Haslam, vice president of the Standard Oil Development Company, New York.

He said it appears as if petroleum industry has gone ahead of the requirements of the automotive industry in the race to produce better fuels.

He told how the chemist, chemical engineer, automotive engineer and metallurgist have combined to increase "the efficiency of production of automotive power from crude oil by 300 per cent" within the last decade.

The metallurgist stepped in when the cracking process reached high temperature and pressures too great for steel coils. They produced alloys three times as strong as steel in order to maintain the proper margin of safety in cracking equipment.

Church Hales Rector to Bar For Too Thorough Probe of Sin

BY HERBERT MOORE.

LONDON, March 29.—(UP)—Ecclesiastical dignitaries solemnly set forth today that the Rev. Harold F. Davidson, 60-year-old rector of Stiffkey, Norfolk, had a right and duty to rescue maidens from a life of sin, but that in the process he should not have "systematically misbehaved himself."

"Kissed and hugged Barbara Harris in a Chinese restaurant in Bloomsbury—"

"Permitted 17-year-old Barbara Harris to sleep in his bed—"

"Been guilty of immoral conduct with Rose Ellis, 30, over a period of 10 years—"

"Paid room rent for a dozen girls with whom he had unbecoming relations—"

"Been barred from two London restaurants for accepting waitresses—"

"Embraced Betty Booth, an actress, while she was clad only in her nightgown—"

"Taken Rose Ellis on a trip to Paris—"

These and other charges were taken up by the Norwich consistory court, sitting in the cold, austere hall of Church House at Westminster today.

Presiding over the trial was F. K. North, chancellor of the diocese, who occupied the dais in the absence of the Archbishop of Canterbury, who ordinarily would sit.

The charges against the white-haired rector were preferred by his lordship, the Bishop of Norwich, and prosecuted by Roland Oliver, the bishop's counsel.

The elderly clergyman set forth, in reply, that he was engaged in social research and that his business of helping young women to redeem themselves had carried him into unusual situations.

Oliver told the ecclesiastical court that the point involved in the trial was whether Mr. Davidson was really attempting the rescue work or whether his association with the young women was merely a matter of "his own indulgence."

The prosecution declared, moreover, that the rector's missions in London and Paris kept him away from his parish and that he ministered to the good people of Stiffkey, Norfolk, only once a week, spending the rest of his time elsewhere.

Only one woman was in the audience in the quiet, dimly lighted hall of church house when the charges were read. But she was vivid. Tall and young, with a fashionable black hat and a vivid scarlet costume, she leaned over the balcony railing to get an earful of the complaints against the clergyman.

The rector's wife sat in the space reserved for witnesses.

Oliver opened his case by describing Davidson's alleged relations with Barbara (or Gwendoline) Harris, a girl of 17 who later testified against the clergyman. After describing how Miss Harris had "slept in the rector's bed in his sitting room," he warned the girl to the witness box, and she told the court that Davidson had made "improper advances" to her.

Davidson's association with Rose Ellis, Oliver said, had been a matter of 10 years' standing. During that time, he said, Davidson had taken her to Paris. Miss Ellis is now 30 years old.

Thousands Ready for Yo-Yo Contest at Piedmont Park

Everywhere you go you hear it. "I got it." Got what? The spinner, or the breakaway, the creeper, or the loop-the-loop?

Every boy and girl in Atlanta is busy these days getting ready to win The Atlanta Constitution's city-wide championship yo-yo tournament at Piedmont Park next Saturday.

Woe betide anyone who interrupts during the execution of the trick being practiced.

Baseball bats and gloves, roller skates and other forms of amusement have been relegated to the dark re-

cesses of oblivion until everyone finds out just who is entitled to be known as Atlanta's yo-yo champion.

Directors' meetings, bridge and golf engagements are being broken by the score as fond parents prepare to see their potential champions bring home the crown.

Scores of prizes await the winners. To the champion goes a \$100 Philco radio set. For the runners up there will be a bicycle, wrist watch, kodak, pen and pencil set, boxing gloves, tennis racket.

Those not so fortunate will have a

Spinster Wills \$30,000 To Promote Birth Control

LOS ANGELES, March 29.—(AP) Miss Viola Kaufman, eccentric spinster, who died in a cheap room in Memphis, left \$30,000 for promotion of birth control legislation. Her counsel said her estate might be worth approximately \$100,000.

Her will was admitted to probate yesterday. Miss Kaufman was occupying a \$1.50 a week room in Memphis when she died. She left \$100 for funeral expenses and specified there should be no music, flowers or religious service at her funeral.

chance at 50 genuine-Duncan Ka-Yo whistling yo-yos as consolation prizes. All Atlanta is invited to go out to Piedmont Park at 1 o'clock next Saturday and join in the fun.

The response to the announcement of the tournament has been wide-spread, and indications point not only to a record number of entrants in the contest, but also to an immense gallery of yo-yo enthusiasts who will be on hand to watch some classy yo-yoing.

Amby Subula, Filipino champion, will be on hand. Everybody up to the age of 18 who is not a professional yo-yoer or a Filipino, which is the same thing, is eligible to enter the tournament and compete for the prizes.

MISSOURI STATE LIFE AVERTS RECEIVERSHIP

Supreme Court in Jefferson City Delays Action on Petition.

ST. LOUIS, March 29.—(AP)—Temporary receivership for the Missouri State Life Insurance Company, largest insurance firm west of the Mississippi river, was averted for an indefinite time today when the Missouri supreme court at Jefferson City ordered no further action be taken in the receivership suit filed in St. Louis a few hours earlier until the court rules in the case.

Circuit Judge Robert W. Hall had appointed Joseph Thompson, a commissioner of insurance, and Montague Lyon, St. Louis attorney, as temporary receivers on application of Jerome Duggan, a small stockholder. Duggan's petition alleged mismanagement by officers of the company and cited the purchase of \$2,000,000 in securities from Caldwell & Co., defunct banking firm of Nashville, Tenn. in 1930, as evidence of mismanagement. The securities, the petition said, are now "practically worthless."

The company has \$1,200,000,000 in insurance in force and its gross assets are listed at \$160,000,000.

Allen May, vice president and general attorney for the company, said tonight that the firm's assets are "more than ample, in all events, to take care of all policy-holders."

The company's report last December 31 showed it held assets more than \$8,000,000 above all liability to policy-holders.

CHAPTER OF U. D. C. HONORS DR. LONG; QUILLIAN SPEAKER

Dr. Garnett W. Quillian, well-known Atlanta physician, was the principal speaker Tuesday afternoon before a meeting of the Crawford W. Long chapter of the United Daughters of the Confederacy commemorating the discovery of ether 90 years ago by Dr. Crawford W. Long. The meeting, which was presided over by Dr. Frank K. Boland, was held at the Henry Grady hotel.

Dr. Quillian paid high tribute to the discoverer of anesthesia, Mrs. Eugenia Long Harper, daughter of Dr. Long, and president of the Crawford W. Long Chapter, of U. D. C., was present and made a short talk of appreciation. Mrs. Harper will attend exercises at the University of Georgia today in Athens honoring Dr. Long, who was a graduate of the university.

Either was discovered by Dr. Long March 30, 1842. The memorial was held here Tuesday in order that Mrs. Harper could be present. Dr. Louis D. Newton, pastor of the Druid Hills Baptist church, delivered the invocation.

JEWS OF ATLANTA GIVE PURIM BALL, BAZAR TONIGHT

The annual Purim ball and bazar will be held at 8 o'clock tonight at the city auditorium, it was announced. Vaudeville acts from local theaters, a seven-piece orchestra, and many original and novel features will provide entertainment, it was said. A dance also will be given. The ball and bazar will be sponsored by the United Hebrew School of Atlanta, the Congregation Ahavath Achim, and the Ahavath Achim Sisterhood.

This year's affair is said to be one of the greatest in Atlanta's Jewish history. Officers of the Purim ball and bazar are: Chairman, I. J. Paradise; vice chairman, H. A. Alexander, I. Jacobs and Mrs. D. N. Meyer; treasurer, A. J. Weinberg, and secretaries, David Gershon and Henry M. Wengrow.

CAMPAIGNERS OBTAIN TWELVE NEW JOBS

Atlanta's total in the united action campaign for employment was brought to 2,344 Tuesday, although only 12 new jobs were found by campaigners in this city, who suffered the worst slump since the organized drive was begun here. The nation as a whole, however, reported jobs found for 18,039 more jobless persons, bringing the United States total to 357,598.

The Georgia total, as reported at the office of William A. Simon, adjutant for Georgia of the American Legion, was 8,013. Other towns reported Tuesday as follows: Elberton, 4; Dalton, 4; Wrightsville, 22; and Newnan, 10.

LAST RITES HELD FOR NORMAN COLE

Final rites were held Tuesday afternoon at the chapel of Awtry & Lowndes for Norman Cole, widely-known advertising expert, who died suddenly Sunday night at his residence, 729 Ponce de Leon avenue. The Rev. John Moore Walker, of St. Luke's Episcopal church, officiated, and burial was in West View cemetery.

Mr. Cole, who was a member of the Harry Massengale Advertising Agency, was a native of Akron, Ohio, and had been a resident of Atlanta for 10 years. He was considered an expert in his line, and was director of the plan and market department.

MISSISSIPPIANS VOTE DEATH TO KIDNAPERS

JACKSON, Miss., March 29.—(UP)—The Mississippi senate, with but one dissenting vote, passed a bill Monday providing for the death penalty for kidnaping.

A house bill providing that persons accused of crimes who plead insanity shall be confined to asylums if the trial jury so directs was also passed by the body.

HEATER EXPLOSION KILLS FOUR PERSONS

DETROIT, March 29.—(AP)—Explosion of a homemade heater in the garage-home of Oliver Stewart, 45, in Lincoln Park at 5 a. m. today, caused his death and that of his wife and their two children. The blast wrecked the interior of the small structure but left its walls standing.

MUSE IS GRANTED CHARTER RENEWAL

Renewal for 20 years of the charter of the George Muse Clothing Company, was granted on Tuesday by Judge E. E. Pomeroy of the superior court at the request of the company's directors. The original charter granted in 1912 will expire on April 18 this year.

LEADER OF W. C. T. U. ISSUES CALL TO ARMS

Prohibition Workers Urged To Inform Congressmen of Views.

CHICAGO, March 29.—(AP)—A call to arms for prohibition workers was sounded today at a conference of the National Women's Christian Temperance Union.

It came from Mrs. Anna Mariden DeLo, secretary of the W. C. T. U., who said:

"It is not so much 'what's the matter with congress?' as it is 'what's the matter with the rank and file of their dry supporters?'"

"In other words, does your congressman know where you stand on rebusmission and repeal? Have you kept him informed since he became your representative on what you expected of him? I know of at least one man with an ad ry record who stated he was hearing only from his wet constituents."

How do you hope to hold the line if you allow this condition to go on?"

The speaker said she wondered "in the face of the wet propaganda, we are forced to hear and see all about us, if the people have forgotten that in spite of the gains in congress, which have been heralded far and wide, both house and senate still remain 70 per cent dry, and our seventy-second congress has more dry members in both branches than had the congress which passed the Volstead act in 1919."

Mrs. Ella A. Boole, president of the organization, told the conference that close attention to the activities of opponents of prohibition in congress had been given, and that "we condemn their efforts to delay plans for relief of unemployment and the financial depression by injecting their opposition to prohibition through introducing literally hundreds of bills, many of them duplicates for legalizing beer, for repealing the eighteenth amendment and substituting state control."

STONE, WILL ROGERS CLOSEST OF FRIENDS

The announcement of the forthcoming appearance of Fred Stone in his new musical comedy, "Smiling Faces," at the Erlanger, calls to mind one of the most interesting and closest friendships that the theater can boast of, that of Will Rogers and Stone.

It is something that has lasted for more than a quarter of a century, and its depth and sincerity were shown when Stone met with his airplane accident a few days ago, just as he was about to open in a new show. Rogers jumped into the part and carried on for his pal.

The Stone engagement will be limited to three days next Wednesday and Thursday, April 6 and 7, with matinee on Thursday. Mail orders are being received. The Erlanger box office opens next Monday.

George H. Fauss Sees Business On Upgrade at Miami Meeting

George H. Fauss, president of Atlanta Laundries, Inc., expressed the opinion Tuesday that business in the southeast has started an upward swing, in an address delivered to the convention of the Laundry Owners' Association of the Carolinas, Georgia and Florida, at Miami Beach. Mr. Fauss said that other delegates to the convention have reported considerable improvement in business conditions in their territories, and said that he believes Atlanta and Georgia, as well as other southeastern areas, will see early and continued improvement in trade conditions.

Through an error in transmission by the Associated Press Monday night, The Constitution Tuesday morning printed a story stating that memorial services for Mr. Fauss were held in that city by the convention at its first day's session. The Associated Press later corrected this error, explaining that the dispatch should have read that Mr. Fauss conducted the memorial in honor of deceased members of the association.

George Griffin Jr., of the Model Laundry, of Atlanta, was elected president of the association in Tuesday's business meeting at Miami Beach. Se-

lection of the next convention city was left in the hands of the executive committee. Mr. Griffin, formerly vice president for Georgia, succeeds E. H. Whitney, of Miami. Other officers elected were J. W. Weston, of Charleston, vice president for South Carolina; John Kimball, Miami, vice president for Florida; H. W. O'Shea, Durham, vice president for North Carolina, re-elected; K. E. Ridenhour Jr., Concord, N. C., secretary-treasurer, and A. H. Hardy, Augusta, regional delegate. A Georgia vice president was not elected.

The convention will be brought to a close today.

GEORGIAN IS CLEARED IN \$100,000 LIBEL SUIT

A libel suit for \$100,000 filed against the Atlanta Georgian in 1927 by the Rev. Edwin C. Dinwiddie, of Springfield, Ohio, was dismissed in federal district court here Tuesday by Judge E. Marvin Underwood.

The suit charged that the local paper made libelous editorial comment on the minister's activities and handling of certain funds while he was

head of the Anti-Saloon League. The Rev. Dinwiddie was the predecessor of Wayne B. Wheeler as the leader of the group.

How to Relieve Headaches In Three Minutes

WARNING!

Information which we regard as reliable has been brought to us that members of a group are again being urged to "go out and tear down as much of the Georgia Power Company's property as you can."

ACTS OF VANDALISM again are being perpetrated against this Company's property. On Monday night, March 28, three high-tension transmission towers were dynamited. Threats are being made of further violence—dynamiting and other malicious damage to power plants, sub-stations, electric lines, towers and other facilities of this Company, similar to the acts of vandalism which occurred sporadically during several months last spring and summer.

ACTS OF VANDALISM against the property of this Company not only are harmful to this Company, but also are DANGEROUS TO THE PUBLIC. A high-tension electric line, pulled down in the dark of night in an ACT OF VANDALISM, might injure or destroy property and human life before the trouble could be located and remedied.

To protect the public as well as our own property, we warn any and all persons guilty of ACTS OF VANDALISM against this Company's property that they will be relentlessly prosecuted. And this Company will pay

\$2,500 REWARD

for information leading to the arrest and conviction of any person or persons guilty of ACTS OF VANDALISM against this Company's property.

This amount will be paid to the person who provides this Company with information which, WHEN FOLLOWED UP BY US, leads to the arrest and conviction of persons or any one person guilty of dynamiting electric transmission towers, dynamiting poles or manholes, damaging sub-stations, cutting wires or otherwise committing malicious acts designed to interrupt electric service and endangering the lives of the public and of our employees.

Information may be furnished in person, by telephone or by letter to P. S. Arkwright, president, or W. E. Mitchell, vice president and general manager, Electric building, Atlanta. The source of any information will be treated as confidential and will not be disclosed under any circumstances.

To All Law-Abiding Citizens

We earnestly solicit your co-operation in preventing and putting a check upon such criminal acts. With a system of transmission lines extending over 40,000 square miles, you can well appreciate that it is difficult to patrol all of our lines, all the time.

You can assist in ending ACTS OF VANDALISM once and for all by giving PROMPT information to this Company if you observe suspicious characters at night working or prowling in the neighborhood of electric transmission towers, poles, sub-stations, etc.

Notify the police, but also, WITHOUT ANY DELAY, notify this Company. If in Atlanta, call WALnut 6121 and ask for the ELECTRIC LINE SUPERINTENDENT. Elsewhere, call the nearest Georgia Power Company office.

Your co-operation will be gratefully appreciated and if it should lead to arrest and conviction the reward of \$2,500 will be paid you.

M'KEEN TO SPEAK ON C. OF C. PLAN

Three-Year Expansion Program Will Be Discussed at Meeting.

To stimulate business and industrial development in Atlanta as the first step in the recently inaugurated "three-year program" for the city, a specially called luncheon meeting will be held at 12:30 o'clock today in hall No. 2, Atlanta Chamber of Commerce building, under the auspices of the chamber, it was announced Tuesday by Roy LeCraw, president.

Harry Ross McKee, nationally known speaker, will discuss the importance of a definite civic plan for business and industrial development, and Mr. LeCraw will outline aims and objectives of the chamber in the program. Mr. LeCraw has extended invitations to leading business and civic figures to attend the luncheon meeting for the purpose of hearing discussions of citizens' activities by the committee in charge of that branch of the movement, which is headed by Samuel C. Dobbs as chairman. Others serving on the committee are Horace Russell, former president of the chamber and a member of the organization's speakers' bureau; George A. Bland, Robert A. Clark, of the general sales "army"; Fred A. Seely, of the national firms division, and N. Baxter Maddox, general chairman of the program.

Today's meeting will be the first to be held in connection with the "three-year plan" for expanding the industrial and business activities of Atlanta. The plan has as its purpose the raising, during the period April 11 to 22, of a fund of \$57,500, which will be distributed to the seven divisions of the Atlanta chamber engaged in promoting industry and attracting new business to Atlanta.

Zeppelin Completes Transatlantic Trip

FRIEDRICHSHAFEN, Germany, March 29.—(AP)—The Graf Zeppelin landed on her home field at 4:30 this afternoon, completing a round trip to Pernambuco, Brazil, with passengers and mail. It was the first of a series of South American flights scheduled for this spring.

from the outside, but Mr. Curtis said that he and his associates were not considering the use of the yacht, which has been here most of the winter, and took on fresh fuel and supplies yesterday.

Mr. Consolo said that his wife probably had stated merely that the yacht would be gladly loaned in the event that it was needed.

"Anyone," he said, "would be glad to lend anything to get that baby back. The yacht is there and if it could be of any use, of course it would be loaned and gladly."

POLICE HEAD REAFFIRMS "UNIMPORTANT" STATEMENT
HOPEWELL, N. J., March 29.—(AP)—A reiteration of the belief that "no specific significance" attaches to developments in Norfolk, Va., was attributed to Colonel Charles A. Lindbergh tonight by Colonel H. Norman Schwarzkopf, who is directing the police search for the kidnapped Lindbergh baby.

Colonel Schwarzkopf was asked if Colonel Lindbergh's asserted attitude was the same as Dean H. Dobson-Pearce, upon his return to Norfolk, said the flyer had asked a continuation of the southern negotiations for the baby's return.

The police head sent back the following answer: "Upon taking the matter up with Colonel Lindbergh, we find the same statement still obtains in regard to the Norfolk situation and there is nothing to add or change."

New York Official Held in Contempt
NEW YORK, March 29.—(AP)—William J. Flynn, commissioner of public works in the Bronx, was adjudged contemptuous of the Hofstadter investigating committee today and was faced with the risk of a 30-day jail sentence.

Supreme Court Justice John Ford held him in contempt for refusal to answer the questions of Counsel Samuel Seabury yesterday and directed opposing attorneys to file orders tomorrow suggesting a penalty.

Mr. Seabury, opening the argument, contended Flynn's constant interruptions in the course of yesterday's examination were to delay the proceedings and to avoid answering pertinent questions.

The committee, seeking evidence of graft and corruption in New York city government, would have given Flynn ample opportunity to answer accusations of Louis Willard, a Bronx builder, he said, but could not allow witnesses to dictate to it.

FRENCH SENATE GIVES APPROVAL TO BUDGET
PARIS, Wednesday, March 30.—(AP)—The senate today adopted the 1932 budget, which will be referred to the chamber of deputies tonight for minor revisions.

The budget provides for total receipts of 41,087,273,000 francs and expenditures of 41,083,386,000 francs.

CHINESE ACCUSED AS PEACE BARRIER

Quo Is Blamed for Alleged Balking of Japanese Proposals.

BY MORRIS J. HARRIS.
SHANGHAI, March 29.—(AP)—A Japanese spokesman declared today that China's negotiator, Quo Tai-chi, was blocking the peace negotiations which have been going on here since the Japanese force pushed the Chinese army outside Shanghai more than two weeks ago.

A statement issued by the Japanese consulate said Mr. Quo had balked at the Japanese proposals regarding the withdrawal of troops of both sides to be in the field around Shanghai.

"He is trying to make it possible for Chinese soldiers to occupy immediately such areas as are to be evacuated by Japanese troops," the statement said. "Such a plan may be recognized as a willful invitation to a recurrence of the unfortunate incidents in and around Shanghai."

The statement accused Mr. Quo of attempting to end the negotiations, "with the intention of charging Japan with responsibility for breaking up the conference."

Delays in the peace parleys were ascribed to "the fact that no Chinese delegate seems to be in a position or to be willing to assume responsibility."

"Mr. Quo has unnecessarily opposed the Japanese proposals of a military agreement, thereby hindering the progress of the conference," the Japanese said.

"It was Mr. Quo who said yesterday, 'the Japanese certainly are strong on argument.' Today he said, 'we have no headway on the important issues.' Japan never has proposed to modify its basic agreement with China, the Japanese statement said, "but it appears now that Mr. Quo is trying to upset the very foundations of that agreement."

He had demanded the immediate withdrawal of the Japanese forces to the International Settlement, the Japanese said, and the remaining 20, from Louisiana, are untrained and in doubt.

"ANTI-JAPANESE ARMY" TAKES MANCHURIAN TOWN
CHANGCHUN, Manchuria, March 29.—(AP)—Chinese rebels, calling themselves the "anti-Japanese army for the salvation of the country," were believed to have taken the town of Changchun, Manchuria's new capital, Japanese forces prepared to entrain tonight for the battle zone and stop the rebel march under General Li Hsiang-shing, which threatened the new regime of Manchuria's nominal dictator, Henry Puyi.

The staff of the Japanese branch consulate at Nangun and other Japanese residents of the city were believed to have escaped. The last message received said a band of Japanese civilians, with the aid of bombing airplanes, was blasting a path through the surrounding rebel lines in the hope of escaping eastward to Yaomen, 50 miles north of here.

Small detachments of Japanese police and soldiers previously had radioed for help, saying they had suffered heavy casualties in the fighting.

The rebels, 7,000 strong, are sworn to overthrow the new government of Puyi, one-time Chinese emperor of the old Manchuria line.

are selected for the permanent chairmanship, as suggested in the names of Representative Crisp and Representative Snell, it will be the first time the two major parties have gone to the lower body for filling this important convention post in years. It will mark a departure from the usual rule of naming United States senators who have been the permanent presiding officers during recent convocations.

Representative Crisp's record as a parliamentarian started under his father, a former speaker of the house. Upon the election by the democrats of Champ Clark as speaker in 1912 the Georgia man was called to Washington to act as parliamentarian for the democrats in the house. He has been one of the final authorities on the subject ever since, often being called to the floor to untangle some snarl growing out of procedure.

Excluding the 28 delegates from Iowa and 12 from Maine being chosen today and tomorrow, Governor Roosevelt now has 57 pledged delegates out of the 139 named and assurances of 28 more from Georgia to be chosen April 6, making a total of 85.

Former Senator James A. Reed, of Missouri, is next in the running for the democratic presidential nomination.

Wrestling Match Held for Fund On Eve of Foster Slayers' Trial

On the eve of the trial of three members of the bandit gang which slew Detective Frank C. (Red) Foster, a wrestling show was given at the city auditorium Tuesday night for the benefit of the Courage Fund, sponsored by The Constitution, which is being raised to help care for the widow and two children of the slain officer.

L. C. Warren and Eddie Hanlon, co-promoters of the wrestling show, said Tuesday night that a complete check of the receipts for the show was not available and it would not be known until today how much the Courage Fund would benefit from the matches.

The three young negroes, who are to go on trial today in Fulton superior court for the murder of Detective Foster, were indicted Tuesday by the county grand jury on a series of robbery charges. The three are Richard Sims, Richard Morris and Arthur Thomas.

The fund Tuesday night had reached \$587.

Mrs. Foster, widow of the slain detective, Tuesday thanked The Constitution to express to all those who have been so kind to her and her two little children her appreciation. She said that during the trying days following Detective Foster's death two weeks ago, the thoughtfulness of hundreds of persons before and during the funeral and since that time has made her grief more bearable.

To The Constitution she voiced her thanks for its help in creating the Courage Fund and asked that to every contributor her appreciation be extended for their liberality and kindness to her and her children.

begin to recover from the effects of the years of war and intervention, industrial output has recorded steady and rapid gains. The pre-war volume of production was reached in 1926-1927 and was more than doubled by 1930. In 1931 production was two and one-half times the pre-war volume, while for many industrial industries the ratios were even higher.

BALL BEARING FACTORY TO OPERATE IN MOSCOW
MOSCOW, March 29.—(AP)—The new Soviet ball bearing factory, designed ultimately to be the largest in the world, began operating today.

The first section of the factory, which was built during the last 12 months under the supervision of American specialists, will have an annual capacity of 24,000,000 bearings, of which 3,000,000 are slated to be produced this year. It is equipped with the latest foreign machinery.

Moscow newspapers hailed the opening of the first section today as the beginning of Soviet independence of ball bearing imports, which heretofore have cost Russia millions of dollars a year.

FEDERATION APPROVES COTTON MILL STRIKE
LANGLEY, S. C., March 29.—(AP) Paul W. Fuller, educational director of the American Federation of Labor, told Langley Cotton Mill strikers in mass meeting today that the federation had officially sanctioned the strike.

The number of workers who walked out yesterday was unofficially given at more than 400, and it was unofficially stated the walkout resulted from a disagreement between individuals and the mill management as to wages and working hours.

ANTI-INJUNCTION LAW INVOKED AT CAPITAL
WASHINGTON, March 29.—(AP)—The brand new law curtailing injunctive power of the courts in labor cases was invoked here today by the National Federation of Federal Employees.

The federation's attorneys asked dismissal in District of Columbia supreme court of a suit for injunction brought by 13 of its members to prevent the association from withdrawing from the American Federation of Labor.

The anti-injunction law was signed by President Hoover only last week.

BRITISH TREASURY REPORTS SURPLUS

Income Tax Increase and General Economies Wipe Out Deficit.

LONDON, March 29.—(AP)—Great Britain, by the aid of economies and taxes, will end its fiscal year Thursday with a small surplus in its treasury.

Thus Britain will be one of the few countries in the world that has paid its way in the past year.

But all is not unalloyed satisfaction. The Daily Herald, organ of the labor opposition to the national government of Prime Minister Ramsay MacDonald, puts the surplus at between 40,000,000 pounds and 50,000,000 pounds (nominally about \$200,000,000 and \$250,000,000) and says it will probably endanger the unity of the cabinet because demands are going to come from all sides for some of the money.

The hero of the budget balancing is the income tax, which was paid promptly.

Since December 31 British income tax payers have parted with more than 200,000,000 pounds. The revised treasury estimate of 272,000,000 pounds has already been exceeded. It will be the biggest collection since the crisis of 1922-23, when the rate was also 5 shillings in the pound—25 per cent.

The surtax payable by persons with incomes exceeding 2,000 pounds is expected to yield more than the estimate of 73,000,000 pounds.

It has been predicted that the government will take sixpence off the income tax, making it 22 1/2 per cent instead of 25 per cent.

A strong demand is arising for the restoration of the duty to the old rates and the teachers want the 10 per cent reductions in their salaries taken off.

The federation's attorneys asked dismissal in District of Columbia supreme court of a suit for injunction brought by 13 of its members to prevent the association from withdrawing from the American Federation of Labor.

The anti-injunction law was signed by President Hoover only last week.

CIRCUS "MONOPOLY" REVEALS SEASON PLAN

NEW YORK, March 29.—(AP)—The Ringling Brothers and Barnum and Bailey circus will send the L. G. Barnes, the Hagenbeck-Wallace and

the Sells-Floto shows on the road this year. The Sparks circus will not go out and 12 elephants from Sparks will show for Ringling. The Ringling circus will open its season in Madison Square Garden April 8.

How to Escape FLU and Grippe

- 1 Avoid so far as possible the places where germs are most likely to be spread; overcrowded cars and public meeting places; overheated, stuffy rooms.
- 2 Be careful of close contact with others and beware of all coughers and sneezers; breathe through the nose, get fresh air, but avoid drafts or chilling.
- 3 Get lots of rest. Drink plenty of water. Keep the bowels open. Take extra precaution to keep in good physical condition, so your system will have normal resistance against germs.
- 4 Try, particularly, to avoid catching cold. Colds lower your resistance to disease germs. At the first sign of any cold, take Bayer Aspirin; remain indoors if possible until your cold is gone. And if you have a sore throat dissolve some Bayer Aspirin tablets in water and gargle; this relieves the soreness, and it usually reduces the inflammation.
- 5 If you have any reason to suspect even a touch of flu, call your doctor at once.

REFRESHED CIRCULATION

CONSTANT COLD—BELOW 50° 80% RELATIVE HUMIDITY

\$5 down
and one dollar a week puts a beautiful, new, modern refrigerator in your home. Generous trade-in allowance for your old refrigeration equipment.

SCIENCE has only recently overturned old-fashioned conceptions of refrigeration by this simple, four-word announcement: "Cold is not enough."

"The function of refrigeration is the maintenance of food in its natural condition, keeping intact all the original freshness, flavor, bouquet, and water content. Defined thus, the prevention of decay becomes only an item," sums up the Refrigeration Engineer's modern concept.

He demands four vital factors: 1—80% relative humidity; 2—Uniform, uninterrupted cold below 50°; 3—Rapid circulation; 4—Air purity. And only real ice in a modern REFRESHED CIRCULATION unit can produce all these fundamental requirements.

For it is the purifying effect of real ice, over which the air rushes in these modern refrigerators, that keeps your food fresh, firm and crisp as when you bought it. . . Only with real ice do you get the revitalizing cold, refreshing air which modern science now knows as the ideal medium for food preservation.

MRS. BUI WYLIE ADDRESSES D.A.R.

State Regent Calls Upon
Organization To Pro-
mote Bi-Centennial.

WAYCROSS, Ga., March 29.—(AP) Mrs. Bui Wylie, state regent of the Daughters of the American Revolution, today called the organization in its annual conference to service in promoting observance of the George Washington bicentennial.

"This opportunity," she said, "is one which must not be lost, an occasion for the education of our nation in the sound political, civic and patriotic principles which will lift it to a higher moral plane and mean the most possible to the American people. It is particularly fitting that we, Daughters of the American Revolution, direct descendants of the men who knew Washington, who fought for him and with him to establish a great nation, should have a share in commemorating his achievements—and demonstrating the fundamental principles of liberty, truth, justice and honor which he represents. Let us be thankful that he has lived and that he has given to us the highest and noblest example of American citizenship."

The purpose of the celebration, she said, is to "bring about a revival of devotion to country among the American people, with renewed recognition of what George Washington stands for in our national life."

She outlined some of the activities of the Washington bicentennial commission, of which she is chairman, with particular reference to activity in promoting historical study of Washington, essay contests, pageants, memorial trees and historical decorations in the state's schools.

Slaton Speaks.
The final safety of a nation, said John M. Slaton, Atlanta attorney and former governor of Georgia, "depends upon the power to enforce the warning upon the flag of John Paul Jones: 'Let no one dare touch me.'"

Speaking tonight to the conference he said that "when cupidity, ambition, conquest cease to dominate men and nations, then may people abandon all means of defense and expect to escape slavery from a superior power."

"When treaties are no longer regarded by the chancellors of the educated nation on earth as scraps of paper, solemn compacts are accepted as binding against self-interest, we will need no longer the protection of a reasonable army and navy."

Can't Avert War.

"But so long as history thunders its lessons in our ears—so long as we remember the holy compact between Christian nations that was followed by 30 years of war—that at present all the moral influence of all the members of the League of Nations cannot avert bloody conflict between two great oriental countries—so long must manhood, courage, and the willingness to die rather than be dishonored, insist that the precious heritage of a noble ancestry must be protected against the ruthlessness of greed, sustained by power."

"Liberators," that could defy the navies of the world, was lost to its owner because her guard went to sleep one night, and ever since the flag of England has floated over her impregnable rocks as a reproach to the lethargy of Spain."

"No good people will encroach upon the rights of a sister state, no wise statesman will squander his country's resources upon excessive armament. Counsel and moderation will demand the common sense of instruments of death, and will promote the solution of disagreements where possible by amicable submission to impartial tribunals; but the final safety depends upon the power to enforce the warning upon the flag of John Paul Jones: 'Let no one dare touch me.' This is the final protection of common sense and universal experience to an American home, and American institutions against the encroachment and invasion of nations that may look with covetous eyes on this fair land."

The former governor said "No other service can be rendered by this organization than to repeat with unceasing effort into the ears of American men the truth that 'eternal vigilance is the price of liberty.'"

Mr. Slaton said he was grateful to the D. A. R. for what he said was its position that persons who wish to be home citizens of this republic "should be willing to fight for this government, or they should stay out."

"Tribute to People."
He said it was a tribute to the "restraint of the American people and their obedience to the law of the land" that the United States supreme court, composed of nine justices, "with no symbol of power and no force of men, except a clerk and a marshal," pronounced decisions to which citizens, states, the congress, the army and navy "yield immediate obedience."

The D. A. R., he said, are "endeavoring to maintain an American citizenship against the hordes of Europe, possessed of no background, animated by no patriotism, understanding no liberty under the law, and bringing with them an anarchistic spirit of the lowest classes of Europe. Their inroads," he said, "menace the purity of our race, the dignity of our labor, the perpetuity of our institutions, and you have stood as a granite wall against it."

State Deaths And Funerals

CLARENCE B. MARTIN.
SUMMERVILLE, Ga., March 29.—Clarence Bennett Martin, 35, well-known farmer near here, died at the local hospital early Monday morning after a brief illness from blood poisoning. He is survived by his wife; three brothers, Edgar and Vance Martin, of Summerville, and William Martin, of Trion, and two sisters, Mrs. Joe Harper and Miss Nora Martin. Funeral services were conducted from the Antioch Baptist church Tuesday. Burial was in the Garrett cemetery.

H. L. STRANGE.
TENNILLE, Ga., March 29.—Funeral services for H. L. Strange, who died Sunday morning at the home of his son, Steve Strange, here, were held Monday afternoon at Antioch Christian church, near here, and were conducted by the Rev. L. A. Cunningham, of Oconee. Mr. Strange had been in ill health for some time and a few days ago suffered a slight stroke of paralysis. He was a life-time resident of Washington county, 75 years of age, and a member of the Christian church. Surviving are a daughter, Mrs. Myrtle Fort, of Bath, S. C., and a son, Steve Strange, of Tennille, and nine grandchildren. Interment was in the family lot at the Antioch church grounds.

R. M. FAYE.
COVINGTON, Ga., March 29.—R. M. Faye died at his home here Tuesday morning. Funeral services will be conducted from the Shiloh church, in Jasper county, at 2 p. m. Wednesday and interment will be in the churchyard.

C. Q. LIVINGSTON.
COVINGTON, Ga., March 29.—C. Q. Livingston, 64, retired farmer, died here today at the home of his daughter, Mrs. J. O. Bradshaw. He was survived by his wife, six children and a brother.

\$310,000 SUITS FILED IN MARIETTA CRASH

CHATTANOOGA, Tenn., March 29.—(AP) Seeking to hold the Standard Oil Company of Louisiana responsible for the airplane crash near Marietta, Ga., on February 24, 1930, in which three Chattanoogaans, Tarbell, Patten, Dr. Lyle B. West and Pilot Jersey Ringel, were fatally injured, suits totaling \$310,000 were filed against the company Monday afternoon in circuit court.

The suits are based on the contention that water or some other foreign substance was in the gasoline and caused the fatal crash as the plane circled over an emergency landing field.

The suits were filed by attorneys for Mrs. Louise W. Patten, Mrs. Henrietta A. West and Mrs. Blanche F. Ringel, widows of the three who were killed. The suits are for \$100,000 each and the \$10,000 action is for the Southern Flyers, Inc., owners of the plane.

Although the accident occurred more than two years ago, the statute of limitations will not void the suits in this instance, according to attorneys for the plaintiffs. They contend that the knowledge that inferior gasoline was used in the plane came to them only recently and for this reason the suits were not filed sooner.

When the accident occurred Mr. Patten, owner of the Southern Flyers, Inc., accompanied by Dr. West, was rushing to Florida where Mrs. Patten had been injured in an automobile accident.

GAINESVILLE NATIVE TO WED IN NEW YORK

NEW YORK, March 29.—James Latimer Rudolph, 26, a native of Gainesville, Ga., and the son of Charles A. and Lillie McConnell Rudolph, and Miss Merle Virginia Kerr, 26, of 26 West Ninth street here, obtained a marriage license here Tuesday. The couple announced they would be married some time next month at the Church of the Ascension here.

Mr. Rudolph gave 224 East 48th street as his present residence. Miss Kerr was born in Dover, N. J., the daughter of James T. and Katherine Hoagland Kerr.

SUMMERVILLE-TRION ROAD IS COMPLETED

SUMMERVILLE, Ga., March 29.—The grading and resurfacing of the road between Summerville and Trion has been completed. Work on the link of the Dixie highway was begun last fall but could not be completed on account of so much rain, and during the winter months practically all travel was routed by way of the Pon bridge, below Trion, to the foot of Taylor's ridge and thence back to Summerville.

RAILROADS' AID DECLARED URGENT

Newspaper Says Progress
To Be Paralyzed Until
Situation Is Remedied.

MILLEDGEVILLE, Ga., March 29.—Support and encouragement of the railroads is a necessity, in the opinion of the Milledgeville (Ga.) Times, which in an editorial on "The Railroads and Taxes," says that in Georgia every county in the state would probably have to suspend educational activities or forego similar expenditures, if railroad taxes should be withdrawn.

"This item alone is enough to arouse the people regarding this important question," the Times declares. "The railroad executives and the railroad workers are striving, hand-in-hand, to solve the problem, but they cannot do it alone. There must be public support and patronage of the railroads, especially in freight movements, if the situation is to be remedied."

The people of Georgia—and the whole country—are vitally interested in fostering movements calculated to sustain railroad operation, according to the Milledgeville paper. It shows that transportation is still "the vital spark that animates the country," adding that "without it all progress will be paralyzed."

The railroad situation, the newspaper says, has forced curtailment of workers and just as it has done for decades, the result is manifest in all other lines.

"Railroad prosperity means the nation's advancement," the Times asserts. "Everybody who has life insurance is part owner of the railroads. Hardly anybody can be found who has no direct interest."

"However, the great thing to bear in mind is that we must have transportation and the railroads furnish

Bandits Get Only \$54 In Robbery of Bank

JENKINSBURG, Ga., March 29.—(AP)—Bandits went to a lot of trouble to rob the Bank of Jenkinsburg of \$54 Monday night.

First, they called at the home of Cashier H. C. Childs, held up the family, bound his two young sons, Warren and Billy, to prevent them from giving the alarm, and then forced him to accompany them to the bank.

The time lock prevented opening the vault but the robbers found \$50 in pennies in the till and \$4 besides. They took it and drove Cashier Childs home again.

There were four of them, so the night's work netted the bandits \$13.50 each, less the wear and tear on their automobile... and the cost of their masks. Sheriff Pope, of Butts county, was hunting them today.

the only certain and sure method upon which the public can depend. In addition to this, loss of life by bus and truck encroachment in using public highways, paid for by money of the people, is a factor that must be considered."

COASTAL SURVEYORS ARRIVE IN SAVANNAH

SAVANNAH, Ga., March 29.—(AP) The vanguard of a party of 32 surveyors of the United States coastal geodetic survey arrived here Monday and pitched temporary camp on the Augusta road to await the arrival of the main body before beginning their work in the vicinity of Savannah.

There are 12 men in the advance party, which is in charge of M. Z. Braden. Mr. Braden was conferring with Captain W. H. Robertson, superintendent of the park and the commission, Tuesday concerning the establishment of a permanent camp at Daffin park, when the remainder of the men and equipment arrive.

ATLANTA, GA., MARCH 30, 1932.

BREAKING THE CAMEL'S BACK.

Congress does not yet seem to have fully realized that if it would devote as much attention to reducing governmental expenses as it does to increasing taxes it would be far less difficult to arrive at a balanced budget.

More important, with the government on a cut-to-the-bone basis of expenditures the country would be much better able to get back on its way to prosperity.

Never in the history of the world, in times of peace, has a country so thrown money to the winds. The federal government is now spending the staggering sum of \$38,000,000 a day, notwithstanding the fact that it operated during 1931 on a basis of \$7,000 deficit a second, day and night!

When the governmental expenses reached a billion dollars a year, during the days of Speaker Tom Reed, the country was shocked. The congress of that year became known as the billion dollar congress, and that was the shibboleth with which the democrats went to the people and gave the republican party one of the worst defeats in its history.

Now as the result of a bacchanalia of frenzied spending we are spending four billion dollars a year without batting an eye.

When it came to spending money, everybody was willing to let Uncle Sam do it, whether it was for worth-while projects or visionary, impractical and improper schemes.

New bureaus came into existence, new departments, new anything and everything. Old expenses were boosted. Appropriation bills poured into congress approximated fifty billion dollars for single years.

Now we have reached the point where the camel's back is about to break. The taxpayer has been swatted until he cannot be swatted any more.

If we do not execute an about-face, we will soon be in the position, aptly illustrated by the cartoon appearing elsewhere on this page, where there will be no incentive for an ambitious young man to attempt to climb.

We have "soaked the rich" until if it is kept up there will be no rich to soak. So huge are our governmental expenditures that a tax of as high as 76 per cent of the large incomes of the country would bring in a revenue that would be but a drop in the bucket.

Congress is now proceeding on the basis of ascertaining just how much can be squeezed out of the helpless industries and taxpayers of the country, after which it will see what can be done to eliminate enough of the four-billion-dollar budget to meet the revenue.

That is putting the cart before the horse.

What we must do is to get back to a basis of sanity in governmental spending. We should balance the budget by first eliminating every possible dollar of expense and then fixing the tax rate at the lowest possible figure to bring in the absolutely necessary revenue.

Then when we have struggled through the present crisis, we should put taxes back on a reasonable basis, lock the door to increased expenses, and throw the key away.

KITCHEN BREWERIES OK'D.

Congress a few days ago killed the suggestion that 2.75 per cent beer be legalized through taxation, on the theory that to do so would be to infringe upon the sanctity of the present prohibition laws.

Within the week the same house proceeded to levy a tax on all the ingredients going into the making of home brew and the vinous products which are now being sold openly throughout the country for the making of wine in the home.

Thus we have the remarkable situation of the same authority which refuses to permit the making

of beer in commercial plants actually encouraging its manufacture within the confines of the home.

The only difference between commercial beer and home brew is that one is expertly prepared, is healthy and has a low alcoholic content, while the other is green, unhealthy and of a much more intoxicating nature.

The tax on 2.75 per cent beer would bring in several hundred million dollars a year, while only a few million can be expected at the outside from the tax on the raw materials.

So congress keeps its political fences in order one day and the next takes action that puts its stamp of approval on the turning of the kitchens of the country into miniature breweries.

Which may be good political logic, but which is difficult to harmonize from any other viewpoint.

FOR THE STORM SUFFERERS.

In an outstanding program station WGST of the Georgia School of Technology at midnight Wednesday will broadcast an appeal for funds for the relief of the sufferers in the two recent tornadoes which swept over portions of Alabama and Georgia.

The program assembles a large group of Atlanta artists. Every artist will donate his or her services and listeners-in can call not only for favorite compositions, but can specify the singer or instrumentalist as well.

In staging this appeal, The Constitution and station WGST are co-operating with the Red Cross in its efforts to raise a fund for those families who were sorely stricken by the fury of the sudden visitation of swirling and destructive winds.

Many of the victims are badly in need of medical care which they are unable to procure. Some of the stricken families were unable to properly bury their dead. All are in need of food and clothing. Homes that were demolished in the twinkling of an eye must be replaced.

Much of the destruction was wrought in small communities and in the country, so that but little aid can be expected from the adjacent territory. Unless aid is secured from the larger cities near by many of these sufferers must go through their trial of death, injury and loss of home without succor.

The situation offers an appealing opportunity for relief, and it is for this reason that The Constitution and station WGST have combined to make a dramatic appeal, which will not only give pleasure and entertainment but will make it easy to contribute.

NEGRO HEALTH WEEK.

National Negro Health Week, April 3 to 10, should receive the full co-operation of the white people, especially those of the south.

The high death rates of the southern states are attributable chiefly to the high degree of mortality among negro infants and children. Marked progress has been made during the past two or three decades in negro hygiene but the mass of the race is still lamentably ignorant as to the proper preservation of health.

Practically every household in the south has one or more negro servants who in the preparation of food and the handling of articles of daily use are a constant menace to the health of the home if their own dwellings and their persons are not free from disease germs.

The Tuskegee negro conference, the National Negro Business League, the National Negro Medical Association and the National Negro Insurance Association are sponsoring negro health week in co-operation with the various state and local health departments. The plans for this year's observance of the week are more elaborate than ever before, including lectures, demonstrations and the sending out of literature of various kinds.

Since the health of the white people will be greatly safeguarded by the success of the drive for improved negro hygiene, they should gladly render any assistance within their power.

A city judge recently allowed a motorist charged with reckless driving to leave his wife in custody in lieu of posting bond. This judge should be reprimanded for encouraging reckless driving.

As we understand it, Gandhi's philosophy may be summed up thus: "You can't lose your shirt if you haven't any."

THE WORLD'S WINDOW

BY PIERRE VAN PAASSEN

Farewell to America!

When these lines appear we will be beyond the 12-mile limit, out of sight of the Lady of Liberty, ploughing the blue waves, Europe-bound. It was a changed America we have just visited, terribly changed. A more sedate America, too, wondering at its own predicament as a little child does when inspecting its own epidemics in the bath tub. Didn't really realize it had such a bad tumor on its nose, feet, such a spring-like kick in its knees. Had grown up without noticing the fact, to be sure. And now thinking hard what the next stage will be.

The main and hopeful thing is that America is thinking, taking stock of itself, wondering, puzzling, seeking, planning to get out of the slough. Nobody I met despaired of an ultimate recovery. Nobody doubted that the change would involve violence and revolution. But everybody agreed that a change must come, a painful change, perhaps, for it will mean a revaluation of our standards. We simply have to get used to the fact that the sense of life lies in piling up millions of dollars on top of other millions. What we should strive for is a happy America and not a miserly tenth part sits on top of the world and the balance grovels in misery.

Finnish Fascism.

Fascists in Finland completely failed in their attempt to rouse the masses to come with them on a march to Helsinki and seize the reins of government. But, advises their press bureau in a communique to the whole world, the day of victory is drawing near.

Liberalism and socialism cannot save Europe from being inundated with the bolshevik wave that is piling up menacingly on the eastern horizon ready to break over Europe and all-destrory flood. The Finnish fascists see the situation correctly in this respect. The great conflict looming in the future is a fight between the bitter end between fascism and communism. And since it is to be a fight to the bitter end, as Hitler, one of the leaders in a school of fascism, has said, the end will be bitter.

Bitter is perhaps not the word. Cataclysmic might be nearer the truth.

Abd-El Krim Grows Thin.

That valiant warrior of the Moorish hills, whom it took 250,000 men, 18 guns and two chalals of France to subdue, in addition to the whole Spanish expeditionary force, and who has been in exile on the island of Reunion in the Pacific since he was sent out, is reported to be growing thin with worry. He has written his memoirs, added a couple of wives to his harem, planted a garden and does not look to Allah, but it does not do him any good.

He wants to get back to his desert. So much so, that the French have doubled the number of his guards. Rumors of his having escaped caught a flutter in north Africa; tribes started to ride at once, attack French houses and raid French plantations.

It has been a severe warning to the French that it won't take much for Africa to catch fire once more.

Health Talks

BY DR. WILLIAM BRADY

Hemorrhoids (piles) are essentially varicose (dilated or enlarged) veins of the rectum. The hemorrhoidal veins are a network of veins conveying blood from that portion of the rectum that protrudes through the great portal veins (liver) into the right side of the heart, whence it is pumped into the lungs. This direct vein, as summarized by the popular circulation explains the effect of any engorgement or congestion of the liver, as from overeating, constipation and indigestion.

Incidentally, belly breathing or the natural increase in breathing that occurs with vigorous exercise, work or play of any kind, acts as a direct message upon the liver and gall-trait and indirectly helps to prevent or cure hemorrhoids.

When I was a young man, as you may readily imagine, a conceited practitioner, I expended considerable energy and breath trying to persuade nearly every patient with troublesome piles to submit to the radical operation for hemorrhoids. Once in a while my efforts were fruitful and I did the clamp and cautery operation or let some better advised surgeon do it, with what I considered satisfactory results.

At least most of the patients gave me a wide berth for a year or two after the operation. They must have been free from attacks of piles, else they would not have been cured again. Had anyone suggested at that time that I should have used the modern method in some cases I would have called him an unpleasant name.

Theoretically the injection treatment or chemical obliteration of varicose veins in the less or elsewhere was dangerous too. Practically, we have learned from many thousands of cases so treated, that this modern method is tritely safer than the best surgical treatment.

Practically, likewise, a few progressive, clear-thinking physicians have learned that similar obliteration of varicose veins in the rectum is not only safe but at least as satisfactory as the very best surgical treatment.

Troops Can't Triumph in the Field If the People at Home Are Disloyal

By Robert Quillen

Why is the liquor problem yet unsolved? Why has the racketeer a voice in local governments? Why is America, more than any other civilized land, tolerant of murderers, kidnapers, bandits and thieves of officials?

Primarily because a house divided against itself cannot stand. We are a nation of mongrels—a mixture of many breeds. We are descended from persecuted races and groups, and by inheritance and custom we are "against the government."

Moreover, freedom has made us a race of individualists. We are incapable of co-operation except on our own terms. We believe in majority rule only while we agree with the majority.

Our legends and our literature glorify the low who triumph over the high and the rebel who outwit authority. Our sympathies are with the fugitive from justice. As a people, and often with good reason, we regard the law as an enemy.

We are not a unit, even in time of war. In every war, save one, some unloyal faction has done its utmost to assist the enemy; and in every war, without exception, men have sacrificed patriotism to profit and lined their purses at public expense.

England is a good explanation needed? London's population of 7,000,000 includes less than 150,000 foreign born. In that great city there have been less than 100 murders since 1925, and only eight of these remain unsolved. Thefts average less than 6,000 a year and only a fraction of 1 per cent of the thieves remain uncaught. And England's police, as you know, go about their work unarmed.

What is the explanation? National unity. The criminal is a public enemy and therefore an enemy of every citizen. And every citizen's hand is against him, as it should be against an invader. The people side with the police, and with the law, and with every force that works for England's good.

Evils flourish in America because they have hosts of friends—because millions of our mongrel breed have no conception of patriotism. You can't keep the house in repair if part of the family regards the woodwork as kindling.

HOLLYWOOD IN PERSON

BY MOLLIE MERRICK.

HOLLYWOOD, Cal., March 29.—

Evangelism and the cinema mixed successfully when Aimee and Huston entered into debate. The "fans" were there to see movie beauties who didn't know the fanatics were there to hiss and cheer and shout and yell. The movie was on deck to publicize his forthcoming book, while the theater proprietor, "Sid" Grauman, was there to take a good big howl that dignity and that truth to be manhandled.

Billie Dove—with that Palm Beach tan deepening in the desert sun. She's wearing lounging suits of red, white and blue—the latest notion in these parts for idle hours. Harriet Parsons at the luncheon tables, the dancing, the crowd of movie stars and their entourages.

Yes, the police were there to hold the crowds in check, and the newscameras were there to snap the event for all who couldn't be on deck to see it. All told it was one of the finest pieces of publicity ever pulled by a studio and an evangelist who has never been known to miss a publicity opportunity.

Janet Gaynor refuses to play "Rebecca of Sunnybrook Farm" for Fox, and that studio has been securing to give her and Charles Farrell "The First Year" and to find another story for Sally Eilers and James Dunn.

Every now and again a player beats his defeat, is reported to have accepted a role which the studio considers good material for the player's talents. Mary Pickford played the role of a woman who is a mother, since the studio has been securing to give her and Charles Farrell "The First Year" and to find another story for Sally Eilers and James Dunn.

The latest Hollywood luncheon is a queer mixture. You can get "vegetables in sour cream." It's served in a large bowl and eaten with a dessert spoon. It consists of cole-slaw, radishes, tomatoes, asparagus tips, celery, carrots, cauliflower and any other little thing you happen to think of, with a "schlagobers" of sour cream.

Thelma Todd and Austen Parker, the most romantic couple in Hollywood, are said to be no longer romantic. It's that way in Hollywood, just as you have everyone in the city, and right and left and they emerge from the mix-up with new partners.

The blonde Thelma is one of the most popular actresses in Hollywood. She has a sound and sane mind and plenty of admirers. So she won't be lonely and the chances are there's a successor to Austen Parker at the luncheon tables, the dancing, the crowd of movie stars and their entourages.

In a tentative analysis submitted from one quarter an opinion was voiced that the levies would bring in about \$400,000,000 less than the committee estimated.

INCOME TAX RECEIPTS CONTINUE TO DECLINE

Income tax receipts continued to decline on March 26, when they amounted to \$653,841,000, against \$651,814,000 on the similar day a year ago.

For the month income tax collections have been \$2,434,156, an accumulation of \$22,116,000 less than the same number of days last March. For the fiscal year the collections have amounted to \$848,745,498, against \$1,500,945,016 last year.

Government receipts from all sources for the fiscal year have amounted to \$1,558,373,987, as compared with \$2,421,333,393 a year while expenditures have totaled \$3,429,625,850, against \$3,018,802,443. On March 26 the government had a deficit of \$1,844,245,582.

SHARP PRESSURE LIFTS IN DECEMBER MARKETS

NEW YORK, March 29.—(AP)—Recent sharp pressure against the American dollar in the foreign exchange markets, and against United States government securities in the bond market, was lifted abruptly today.

The letup of selling was attributed in banking quarters to the fresh determination in congress to balance the federal budget. Improvement in United States government bonds was also attributed partly to the threat from the White House of veto for a proposal to cash the soldier bonus certificates, which it is estimated would require some \$2,000,000,000.

Practically, likewise, a few progressive, clear-thinking physicians have learned that similar obliteration of varicose veins in the rectum is not only safe but at least as satisfactory as the very best surgical treatment.

Students To Ask U. S. Probe In Kentucky Mining Fields

Protests Fly Thick and Fast After Ejection of College Group From Blue Grass State.

ASHLAND, Ky., March 29.—(AP) After four days, in which they saw practically every part of Kentucky except the section they wanted to see—the southeastern Kentucky coal fields—a group of more than 70 eastern college and university students left the Blue Grass state late today and headed toward Washington, where they intend to seek a congressional investigation of Harlan and Bell counties.

Traveling in two buses and a half dozen private automobiles, the students passed through Ashland late this afternoon, during their brief pause here, the students' spokesmen reiterated they were not "Reds" and "do not belong to any political party." Bell county officers, who refused to allow them to enter the coal fields, claimed the students had been in contact with communists.

The students left Frankfort this morning, after visiting Governor Ruby Laffoon. They came there from Nashville, Tenn., where they protested to Governor H. H. Horton against alleged co-operation of Tennessee officers with Bell county authorities in ejecting them from the coal fields where they said they desired to make a sociological survey. Both governors told them there was nothing they, as chief executives, could do about the ejections.

TWO CORNELL GROUPS PROTEST KENTUCKY ACTION
ITHACA, N. Y., March 29.—(AP) Demanding a federal investigation, two Cornell University societies have wired its vigorous protest to Governor Ruby Laffoon and Senator Edward Costigan, of Kentucky, against the ejection from Kentucky of delegates of the National Student League who had intended making an investigation of conditions in the coal fields of that state.

A telegram forwarded states that "We, the Cornell Liberal Club and the Sage Philosophy Club, feel that the treatment accorded to the National Student League delegates in Kentucky to be unlawful and unconstitutional. We vigorously protest and de-

Tag Sale Saturday For Veterans Reunion

Members of the United Daughters of the Confederacy will sell tags in the annual tag day for the few remaining soldiers of Robert E. Lee Saturday and efforts will be made to raise sufficient funds to pay the transportation of at least 100 veterans to the annual reunion to be held June 22-24 at Richmond. Plans for holding the tag sale were made by Mrs. A. O. Woodward, who for many years has served as finance chairman of Atlanta Camp No. 159, United Confederate Veterans. She was appointed to the post by N. H. DeJarnette, commander of the camp. Efforts will be made to pay the railroad fare of those veterans unable to bear the expense, according to Mrs. Woodward, who said the reunion this year was the last for the heroes of the Confederacy.

PROTESTS ARE RECEIVED BY GOVERNOR LAFFOON

FRANKFOT, Ky., March 29.—(AP) Four telegrams were received today at the office of Governor Ruby Laffoon protesting the ejection of college students from the southeastern Kentucky coal fields. They were from the Cornell Liberal Club and Sage Philosophy Club, the John Reed Club, of the University of North Carolina; the University of California Social Problems Club and the Liberal Student Society, Ann Arbor, Mich. The governor declined to comment on them.

ARKANSAS DELEGATION WILL VISIT HARLAN AREA

MEANA, Ark., March 29.—(P)—Director Lucien Koch, of Commonwealth College, unique labor institution on the Ozarks near here, announced today he would head a delegation leaving here tomorrow for the Harlan (Kentucky) coal fields to seek to distribute relief to striking miners.

A teacher in the college of pioneer Kentucky descent will be in the party.

LA FOLLETTE RECEIVES COLUMBIA PROTESTS

NEW YORK, March 29.—(P)—A telegram signed by 11 members of the faculty of Columbia University and urging immediate action for federal investigation of Harlan, Ky., because constitutional rights clearly can no longer be exercised there, was sent today to Senator Robert La Follette, chairman of the senate committee on manufactures.

Copies of the telegram were also sent to Senators Robert F. Wagner and Royal S. Copeland, of New York.

SAMARITAN CONTEST WINNERS ANNOUNCED

Mrs. J. H. Fuller, chairman of the Hills Park Baptist church, won first prize of \$60 in The Constitution's Good Samaritan Buying Campaign in the contest ended on March 26. Second prize of \$35 went to Mrs. Augustus Byers, chairman of the Calvary Methodist church, and third and fourth prizes of \$25 and \$12, were taken by Mrs. J. G. Madrey, chairman of the Ponce de Leon Baptist church, and Mrs. F. R. Martin, chairman of the Western Heights Baptist church.

Prizes in the contest are going to consistent winners. The Western Heights Baptist church has won every week but one since the campaign started, and the Calvary Methodist church has won eight times.

First and third prizes this week were won by late entries. These have shown remarkable strength, are becoming real factors in the campaign, and are strong competitors for the final prizes as the following standing of the 10 leading organizations will show:

- First—Western Heights Baptist church.
- Second—Calvary Methodist church.
- Third—West End Baptist church.
- Fourth—Hills Park Baptist church.
- Fifth—Ponce de Leon Baptist church.
- Sixth—Moreland Avenue Baptist church.
- Seventh—Washington Seminary.
- Eighth—Capitol View Baptist church.
- Ninth—Gordon Street Baptist church.
- Tenth—St. Anthony's Catholic church.

HARVEST MACHINES OFFERED IN BARTER

CHICAGO, March 29.—Higher prices for wheat, corn and cotton are guaranteed by the International Harvester Company in an offer to this year's purchasers of certain important crop-producing and harvesting machines. The higher prices guaranteed are 70 cents a bushel, Chicago, for wheat; 50 cents a bushel, Chicago, for corn, and \$1.2 cents a pound, New Orleans, for cotton.

George A. Ranney, vice president in charge of sales, said today: "We are convinced that the reluctance of farmers to buy implements needed for the economical production and harvesting of their wheat, corn and cotton crops is due to the present unsatisfactory prices of those commodities, and we believe that if they were assured of higher prices for their products they would not hesitate to purchase the new cost-reducing machines that they need."

"In order to meet this situation, and to evidence our faith that prices of farm products must soon improve, we are now offering growers of wheat, corn and cotton assurance of higher prices with which to pay notes given hereafter and maturing this year for purchases of certain machines most vitally needed in making and gathering these crops."

"The list of machines to which this offer applies includes farm tractors, harvester-threshers or combines, wind-row-harvesters and stationary threshers. The higher prices which these new terms guarantee are 70 cents a bushel, Chicago, for No. 2 hard wheat; 50 cents a bushel, Chicago, for No. 2 yellow corn, and \$1.2 cents a pound, New Orleans, for middling cotton."

rites in Tennessee FOR D. W. ANDERSON

Funeral services for David Wesley Anderson, 84, former prominent merchant of Springfield, Tenn., will be held at the Springfield Baptist church. The time has not been determined. Interment will be in the Springfield cemetery. The body was carried Tuesday night to Springfield.

Mr. Anderson died Monday at the residence of his daughter, Mrs. J. O. Anderson, wife of the assistant treasurer of Georgia, at 536 Ridgewood Road, following an extended illness. He was a native of Kentucky, but had lived most of his life in the Tennessee town. He had resided with his daughter here for some time. He is survived by another daughter, Mrs. G. H. Elliott, of Nashville, Tenn., and a son, Joseph S. Anderson, of Flossmoor, Ill., and a brother, C. G. Anderson, of Anniston, Ala.

HIGH-TENSION TOWER DYNAMITED, POLE CUT TWO FRUIT COMPANIES DAMAGED BY FLAMES

A renewal of the violence which last spring and summer marked a strike of linemen of the Georgia Power Company was reported by the company Tuesday, when one high-tension tower was dynamited, another was cut and a wooden pole supporting a power feed line was severed at its base by vandals. All the damage occurred in outlying sections of Georgia and Alabama.

Shortly after 9 o'clock Monday night a steel tower carrying 110,000-volt lines was dynamited three miles east of Smyrna. Supported by strong guy wires, however, the tower did not fall and service was not interrupted. Later a wooden pole on the Newnan-Roswell line was cut in two at the base, but failed to pull the power line down and at midnight two legs of a steel tower on the Bremen-Martin line near Wedowee, Ala., were cut.

A standard reward of \$2,500 is offered by the company for evidence on which to arrest and convict perpetrators of the dynamiting and pole-cuttings.

Fire of unknown origin badly damaged the W. H. Cunningham Fruit & Produce Company in the A. B. & C. Terminal building early Tuesday night, and did slight damage to the C. H. Haynes Fruit Company adjoining. The blaze was discovered at 6:35 o'clock. Firemen called for help shortly after the first alarm, but the flames were soon under control. The building is located in the A. B. & C. freight yards and is one-story brick, with wooden loading platforms. The fire burned most of the inside woodwork and water and smoke damage to the fruit stored in the building was heavy, it was said. Several other concerns in the building, including the sheet metal shop of the Industrial Roofing Company and the Holloway Fruit Company, were protected by fire walls.

OUT-OF-TOWN ENTRIES STRONG IN KENNEL SHOW

Unless Atlantans Get Busy They Are Likely To Win Honors.

By Ralph McGill.

Unless Atlantans get busy and enter their dogs in the Kennel Club show scheduled for next month the brilliant out-of-town entries are likely to win most of the honors.

Entries have been received from Canada, California, Colorado and Iowa. Not to mention other spots some distance away. What the out-of-town entries are likely to win is the greatest one held in the south and one of the best in the nation, the large New York show excepted.

G. A. Taylor, of Quebec, Canada, has entered his great Irish setter, Hunstone Blue Diamond. D. C. Kolt, of Palo Alto, Cal., has entered his English setter, which recently won best of breed at Cincinnati.

BEAUTIFUL TERRIER. The beautiful wire-haired terrier, Hetherington Teetotaler, which won best of breed at the Atlanta show last year, is also back again. His owner, Mrs. Jacob Endress, of Evansville, Ind., is also expected to enter other dogs.

Another great wire will be entered by M. B. Wallace. The wire, Spanish Dancer, has won several firsts in the middle west shows.

From the middle west, Cedar Rapids, Iowa, comes another terrier, an Irish one this time. Two of them to be exact. They are Fabian Fearnaught and Fabian Golden Girl.

There will be a winning Scotchman in the show this year. B. O. Rinkauf, of Logan, Col., is sending his great Scotchman, Hollywood Hensietta Beddie, a real one.

OTHER ENTRIES. This and other entries which will be announced tomorrow are just some of the formidable list of out-of-town competitors who are coming here in an effort to win honors toward championships and to further establish already won championships.

Local owners, however, were not at all discouraged last season and came away with a good share of blue ribbons.

The Great Dane competition this year should be good with plenty of local strength. J. W. Ludeke and E. D. Richardson have some puppies and open dogs, Herbert Porter, the latest Great Dane fan in the city, will enter two fine puppies.

SCHNAUZER. There will be increased local strength in the Schnauzer class this year. Mr. and Mrs. G. A. Laughridge's kennel has supplied a number of Schnauzers to Atlantans, and they and their progeny will be in the show. Mrs. Frank Fers, who won with a Pom and a Schnauzer last year, will be back again.

There are a number of local entries which will be announced tomorrow. Others are wanted.

It is possible to enter unregistered dogs in the limit class. All Atlanta dog owners are urged to enter their dogs in the show. They may do so by calling Dehorn 1750.

LENA SIGNS. CHICAGO, March 29.—(AP)—Mrs. Lena Levy, sister manager of King Levinsky, signed a contract for the Kingfish to meet Mickey Walker at the Chicago stadium in a 10-round bout April 29.

PRISON BOYS GOOD. The Rockview penitentiary force of Pennsylvania has lost but one basketball game. And it took the Penn State College quintet to administer that licking.

THE SPORTLIGHT

By Whittaker Rice

Mrs. O. S. Hill, of Kansas City, may not have started golf until she had passed 30, but she apparently has wasted but little time in acquiring a swing that sends the ball practically where she wants it. Which is one of the main ideas, after all.

WRESTLING CARD FAILS TO DRAW

Boxing Commission Expects Charges To Be Filed Today.

Atlanta mat fans failed to turn out except in small numbers for the wrestling matches staged at the auditorium Tuesday night. The matches, staged despite lack of sanction by the city boxing commission, had been given sensational publicity because of a court hearing and the arguing of an injunction seeking to stop them.

Henry Weber, who has promoted here for three years, sought to use the auditorium for his matches, but lost the injunction suit.

The gross receipts were reported to be \$240.25. This did not, according to promoters Eddie Hanlon and L. C. Warren, permit them to show a profit on the matches.

The city boxing commission, which had refused to sanction the match, asked Lieutenant M. H. Hornsby to present a copy of charges to the promoters but Captain A. J. Holcombe ordered him not to until he had cleared up whether court permission obtained by the promoters to use the auditorium covered the matches themselves.

The court ruling applied only to use of the auditorium and the charges are expected today.

Promoters violated several sections of the ordinance, according to the commission. They did not file a request in writing, as is prescribed. They put on the match in specific violation of section 8, which says, in part: "Any person or persons holding a wrestling match or boxing match without having procured a license as herein prescribed and without complying with the ordinance, shall be deemed guilty of an offense against the city and upon conviction shall be fined not more than \$300 or imprisoned in the city stockade for not more than 30 days."

The commission is given absolute authority to regulate and control boxing and wrestling for the best interests of the sport and to refuse and accept matches at their discretion.

The matches proved to be something of a disappointment except for the work of Len Maccluso in the semi-final. He defeated Eddie Eliza in the one-fall match. Maccluso, by his efforts, saved what was a slow match.

In the main event Jack Sherry, who appeared at the ball park last summer, Grandovich resembled "Stone Mountain" Leavitt, an Atlanta heavyweight who appeared at the ball park last summer. Grandovich was too large to match Sherry. He gave up on both falls when Sherry had him with a leg lock.

WANKS POUND RED PITCHERS AND WIN, 9 TO 7

Seven-Run Lead in First Decides; Ruth Goes Hitless.

ST. PETERSBURG, Fla., March 29.—(AP)—Jumping into a 7-run lead in the first three innings, the New York Yankees pounded out a 9-to-7 victory over the Cincinnati Reds today.

The Yanks put across three runs in the third inning and added four more in the fourth when Earl Combs and Jack Salzgaver hit successive home runs. Babe Ruth failed to get a hit in the six innings he played.

Pignatta and Allen, who divided the Yankees' pitching assignment, were wild but managed to hold the Reds at bay with the exception of the fourth, sixth and seventh innings. Larry Benton and Hilcher pitched for the Reds, Benton being charged with the defeat.

BRAVES 4; ATHLETICS 3. ORLANDO, Fla., March 29.—(UP)—Boston's Braves made it two in a row over the Philadelphia Athletics today, defeating the American league champions, 4 to 3.

One of the seven hits the Braves made off Halcyon and Rommel was a tremendous home run by Outfielder Walter Berger.

Boston's share of the gate receipts was donated to the athletic fund of the Philadelphia college.

SENATORS 10; ORIOLES 3. GULFPORT, Miss., March 29.—(AP)—The Washington Senators thrashed consistently good hitting and good pitching on the part of Rookie Bob Friedrich defeated the Baltimore Orioles today, 10 to 3.

Ossie Bluege hit a homer and a double, Carl Reynolds got four hits in five times up.

SEALS 9; GIANTS 4. SAN FRANCISCO, March 29.—(AP)—Blasting out six runs off Carl Hubbell in an eighth-inning rally, the San Francisco Seals defeated the New York Giants, 9-4, today to even up their exhibition series at one-up.

TIGERS 8; CUBS 3. LOS ANGELES, March 29.—(AP)—Pounding two Chicago "hot" hurlers for 14 hits, the Detroit Tigers won an easy 8-to-3 victory here today in the first of a two-game exhibition series.

CHISOS 5; SHREVEPORT 1. SHREVEPORT, La., March 29.—(UP)—The Chicago White Sox continued undefeated in their exhibition season today when they beat George Sisler's Shreveport Sports, of the Texas league, 5 to 1. It was the Sox's ninth straight victory.

INDIANS 4; TOLEDO 0. NEW ORLEANS, La., March 29.—(AP)—The outstanding feature of the Cleveland Indians 4-to-0 triumph over the Toledo Mudhens today was the four-inning performance of Wes Ferrell, Tribe mound ace.

ANGELS 5; PIRATES 3. LOS ANGELES, Cal., March 29.—(AP)—Rounding 6 hits in 2 innings, the Los Angeles Pacific Coast leaguers, downed the Pittsburgh Pirates in an exhibition today, 5 to 3.

CARDS 9; BRADENTON 2. BRADENTON, Fla., March 29.—(AP)—The Bradenton high school baseball team pounded out two runs off the world champion Cardinals in an exhibition game which the Red Birds won, 9 to 2. The receipts went to the high school athletic fund. Lindsey and Johnson pitched for the Cards.

First Old Bird Club Race Held

The first old bird race of the Atlanta Homing Pigeon Club was flown from Cordele, Ga., an air-line distance of 125 miles. The winning bird arrived at the club loft in two hours, 20 minutes, 45 seconds after being released at Cordele, making an average speed of 1,474.05 yards per minute, or a little better than 50 miles per hour.

Below is a tabulation of the lots in the order in which they finished and giving the velocity of the birds in yards per minute:

Dale Letts	1,474.05
Stoddard	1,456.08
Abbott	1,444.02
Cole	1,395.51
Murphy	1,384.48
Cochran	1,344.02
Crawford	1,330.72
Johnson	1,315.82
Johnson	1,231.77

The 200-mile old-bird race will be flown from Valdosta, Ga., this week-end.

Riverside Net Tournery Set

GAINEVILLE, Ga., March 28.—(AP)—Official sanction of the holding of the 1932 southern intercollegiate tennis tournament at Riverside Military Academy, May 9, 10 and 11, has just been received by the authorities of the academy.

This marks the second successive award of this tournament to Riverside and it is expected that the excellent clay courts of the academy will see as good tennis as was displayed in last year's tournament when Kendall Cram defeated Billy Reese in the finals. Although neither of last year's finalists is still in the college ranks, the competition for the 1932 championship will be good with Boulware, of G. M. A.; Nunnally, of McCallie; Hoyt and Cash, of Riverside, and all other southern prep stars sure to enter.

Jack Mooney, of Atlanta, will again serve as tournament referee and contestants are thus assured efficient handling of all matches. Full announcements of the tournament may be secured from Captain James K. Mooney, director of tennis, Riverside, Gainesville, Ga.

Mr. and Mrs. Smythe To Attend O'Neill-Black Rites in Charleston

Mr. and Mrs. Robert A. Smythe leave Wednesday, April 6, for Charleston, S. C., where they will attend the marriage of their niece, Miss Emma Thomas O'Neill, to Shuler Augustus Black, of Atlanta. The ceremony takes place Saturday evening, April 9, at 8:30 o'clock at the residence of the bride-elect's mother, Mrs. Francis Quale O'Neill, at 7 Meeting street, and will be followed by a large reception. Miss O'Neill will be given in marriage by her uncle Mr. Smythe, and she will be attended by a very charming bridesmaid, the lovely bride-to-be is quite popular socially in Atlanta having often visited her relatives here. Miss O'Neill attended the private

school conducted by the Misses Saxe and she attended the Ashley Hall School for Girls. She completed her education at Holton Arms, Washington, D. C. She made her debut here in 1927-1928 and has been prominent in the activities of the Junior League since its organization. Mr. Black is the son of Dr. and Mrs. D. S. Black, formerly of Georgetown, but now of Columbia, S. C. After attending the grammar and high schools of Columbia, Mr. Black graduated from the law school of the University of South Carolina, in 1924. He is connected with the American Bell Telephone Company, in Atlanta, where he and his prospective bride will reside after their wedding journey.

Mrs. Battle Gives Flower Lecture On Thursday

One of the outstanding events in Atlanta's cultural life this week will be the lecture Thursday afternoon at 3 o'clock in the Spanish room of the Yarnab Temple, given by Mrs. Richard Battle. The inspiration of flowers in song, poetry, in pagan and in sacred religions; the comfort of flowers as they typify death and resurrection; the joy of flowers as they add beauty and brilliancy to festive celebrations; all this will Mrs. Battle tell when she lectures on "Flowers of All Climes and Nations." She will also give the correct pronunciation of flowers, and the real plural of gladioli. The public is invited, both men and women. Admission 50c and tickets can be purchased at the door.

Washington Seminary Dramatic Club To Present Plays and Fashion Show

The Washington Seminary Dramatic Club will present an evening of one-act plays Friday evening, April 1, at 8 o'clock, at the seminary auditorium. The first play of the evening is "The China Pig" by Evelyn Emig Mellon, presented by special arrangement with the author. It is an unusually strong bit of drama and is being portrayed by Marie Beckett as the mother and by Jeanne and Adele Ruffner as the daughters. The little China pig symbolizes the struggle of the mother for better things, her long fight against poverty and her final triumph over circumstances.

The second play of the evening is "Just Women," a comedy, containing delightful humor. The mid-Victorian costumes help to make it an enjoyable skit. The conversation of three gossiping women, the mistakes of a deaf hostess and the antics of the household maid contribute to the fun of the performance. The cast for the play is as follows: Mrs. Warren, Escher China; Mrs. Emig, Mrs. Warren; Mrs. Latty, Helen Bell; Mrs. Romney, Suzanne Knox; Lady Blossie, Frances Austin. During the interval between the two plays there will be a fashion show sponsored by the Junior Dramatic Club. The little hand-made frocks to be worn in the "Just Women" fashion parade are created by Clyde Ingram, Inc. The children appearing in this part of the entertainment are between the ages of 3 and 10 and represent some of Atlanta's most attractive youngsters. Admission to the performance is 25 cents.

How Do Women in the Movies Manage?

Filming a picture means weeks of work without a pause. The star can't stop because the "indispensable" monthly sickness does not excuse her. If you know some woman who is in pictures, she will tell you how Hollywood women manage on days they menstruate. Try to find even an "extra" girl who doesn't carry Midol with her!

Midol was a marvelous discovery. It isn't harmful. It isn't a narcotic. But it acts in seven minutes—ends all menstrual pain or discomfort for hours at a stretch! Just ask for Midol at any drug store. (adv.)

Social Gayeties Planned for April By Athletic Club

During the month of April a number of social gayeties are scheduled to be given at the Atlanta Athletic Club and the East Lake Country Club. BY JOHN L. COOLEY.

NEW YORK, March 29.—(AP)—Firm quotations for United States government securities and a quick repatriation of European dollar selling were the chief reactions in today's financial markets to the unified support finally given the tax bill in the house of representatives.

Several wide deviations from the generally narrow line followed by leaders appeared during the session. International Telephone came under heavy pressure before noon, breaking 2-3 to a 5, record low.

Anacostia Copper softened nearly a point. Current estimates place the corporation's bank loans at about \$85,000,000 and there have been periodic reports that these were to be funded.

An unexplained decline in Beatrice Creamery shares provided another air pocket. The common broke 6-7 to a point, closing with a loss of 5, while the preferred turned 9-34. Preferred stocks throughout the market make a weak showing.

United States Steel, up a point at the best, closed unchanged. American Telephone continued to reflect support. Westinghouse Electric was displaced by dividend uncertainties. General Electric turned heavy toward the close.

The rails were generally steady, although Southern Pacific and Louisville & Nashville touched new lows. Announcement of Ford's new line of lighted the motors. Turnover of 1,115,402 shares was slightly less than yesterday's.

Money was easy.

Foreign Markets. LONDON.—Gilt-edged securities were firm on the rise of sterling, which was bought freely. The market was buoyant. Movements otherwise were down. American issues and Paris favorites suffering under continuing. Match issues were up on reports from Kruger & Toll experts.

PARIS.—The house was irregular and weak, although no great losses were registered. Closed irregular.

BERLIN.—Under the shadow of the Kruger & Toll crisis prices on the house were irregular with a waning tendency.

TARZAN AND THE ANT MEN No. 57

(Tarzan Playing at Fox This Week)

By Edgar Rice Burroughs

ROOMS AND BOARD

"If our efforts succeed on this fellow," said King Elkomohago to his courtiers, "it is nothing to what will follow! Then we shall reverse the principle of which we speak. Success will crown our efforts if we persevere. Some day it will come. Then we shall have the formula that will revolutionize all Minuti—then with a hundred men might we go forth and conquer the world." The king now turned his attention suddenly upon Tarzan, scrutinizing the ape-man in silence for several minutes.

"From what you say to me," demanded the king at last. "O, All-Glorious," spoke up the leader of the escort, "the poor ignorant creature is without speech." "Utters he NO sound?" demanded the king. "None since he was captured, Master of Men," replied the warrior. "We believe he is a Zertaloko," Elkomohago was examining the ape-man closely now. "He has not the features of the Zertaloko," he pondered musingly. "His ears are not the ears of the speechless ones, nor is his hair like theirs."

"See now!" exclaimed one of the courtiers, "how quickly the Sun of Science grasps all things. It is marvelous!" Much pleased, the king continued: "His body is not formed as theirs, and his head is shaped for the storing of knowledge and the fashioning of reason. No, he cannot be one of the cave-people." "Wonderful!" exclaimed Gofoloso, one of the courtiers. "Elkomohago, our king of wisdom, is always right." "The most stupid of us," exclaimed another flatterer, "may now easily see that he is not a Zertaloko."
